

Prophecy for Liberty from Dianne Palmer June, 2009

There's something going on with this facility. I see a brand new set of keys being given to you. I do. I do. There's such a transition for this ministry. This building, this building, this land, this facility – there's a grand purpose in all of it, you see. You've got favor, favor, favor. God's talking to somebody's ear today – if you live by the principle of giving, if you live by giving, if you say, "God, I'll give you anything I've got," then God says, "I can give you everything I've got." God's about to give you more – exceedingly, abundantly, above all you can ask or dream or think. I see facilities – out buildings all around you. I see a school, I see offices, I see business offices too. Apostolically you will raise and train up business leaders for the Kingdom through you. I see a recording studio. I see pro-tools everywhere. There is a sound coming out of this place. God has reserved you and hidden you. He's caused this space and time. But this dimension you're walking into now is a dimension of glory. Everything that God is comes with it. When God's manifest presence comes everything He is comes with Him. No good thing will He withhold from them who walk uprightly.

As the Kingdom of this world begins to crumble, the kingdom of this earth, the kingdom of this land begins to crumble – God's Kingdom is coming forth. The Kingdom of heaven lives within you. Everything we need is already within us. Everything we desire has already been provided for us. You're stepping into another dimension, you're coming into your third year, you're coming into your third realm of glory, into the holy of holies, into the third day, you're coming into the third way – it's a new sound, a new dimension. You cannot drive an airplane the way you drive a car – you need dimensional authority. God's given you spherical authority as you move them into this next sphere of glory God's gonna do things that will astound you. You've got favor all around you.

The Lord's been speaking to you to raise up these teams, not just any kind of team, mean what you mean. God said be specific, be direct. Because the teams you're raising up will be like a plurality of government. Because the Lord is going to begin to release you. This ministry is a light on a hill but it's been hidden and closed away, and now the hidden sounds of glory are being released in this third day. God

spoke to me and said everywhere the soles of my feet touch, God would begin to release them to a new level, a new dimension of His glory. You have this very day stepped into, tapped into a reservoir of God's glory. That which was a trickle, and that which was a spring, is now going to be a reservoir to spring.

The hidden ones are coming out. The prophets, the true prophets of God are right now coming out – you'll know them by their spirit – the characteristics of Christ, the ones that lay down their life, the ones who don't care about a physical building, if you have to meet outside without power, in the rain. God said it's not going to change, because you are the Church, you are the working of God. You are the manifestations of God in the earth, and now God's about to make you a demonstrator of His glory. Everything you need, like the fowl of the air, when they needed a new wing, they didn't go down to JC Penney to buy a wing, they reached in and grew another wing, you're going to begin to reach in and grow what you need, it's all inside of you.

The light that's shining out here in the gross darkness, the gross darkness, that's tried to put your light out - so many "Sauls" tried to make you wear their armor, but because you didn't wear anybody else's armor, neither will they. God has given you a very descriptive, very unique, very peculiar type of people. He's said He's going to dwell in a dense crowd (dense/density – many particles, components pressed down into one heavy, heavy component; marked by compactness or crowding together of parts, demanding concentration to follow or comprehend; many different particles, parts the distribution of a quantity; as mass, electricity, or energy; per unit usually of space; as length, area, or volume). The weight of the glory, the density of God has been on your shoulders.

God has taken peculiar personalities, peculiar leaders, peculiar people of faith, they've come and they've gathered in this place. Now they are coming together as one – one, one, one cell. You didn't ask for this, God gave it to you. You didn't ask for it, just like you don't ask when somebody gives you a new pair of shoes. If you want everything I've got for you I'll give it to you and as you want more from Me, they will too.

Do not deny the secrets of your heart - somebody is going to love you. Do not deny the desires of your heart 'cause somebody wants you. God cares about everything that's going on in this place. You have never been and never will ever be a disgrace. If God be for you, who can stand against you? Don't you understand, like Hulda? God's got very specific things for you to do. Hulda was just minding her own business in the University City when the King called upon her. He had to have someone come and translate the times of the season - "What does this mean?" Now, that may not seem like a big thing, because standing next to the King was Jeremiah, the man of all men, but God overlooked him and looked for that woman: Hulda. You know why, because even when she cried, she was positioned in God, but she was not only positioned, she was postured in God.

God's getting ready to call on you to minister to leaders, even in this region politically. God is gonna use you – when I saw a round table, I saw favor – I saw people coming from all over. You're going to begin to create a different kind of

kingdom network. The old religious way they've done it before ... you can be in this club if you do this, and you can be in that club if you do that. That's all crumbling because the shifting of the kingdom has come from church to Kingdom dear one. We're shifting. That's why we've been hidden. That's why now God is letting us out. TBN couldn't have us, no - Charisma magazine could not have us too. Cause every time they tried to reach to me and you, God said no and tucked us away for this day.

Just as Ezekiel prophesied, the shifting has come to this house, you see. The Levitical priests who have mishandled the oil and the anointing are now being remanded to the outer court, where they'll always be close to the Lord. But God is gathering a people of purity, a people of harmony, of people who do not have to be anything. "Go ahead and out-prophecy me, I want you to. Go ahead and out-preach me, I need you to. Go ahead and have a bigger ministry, I want you to. But don't you dare try to out-love me. I'm gonna bless you." These are the ones that are coming out right now. You'll know them by the spirit.

In this transition God is right now raising up kingdom leaders that have been hidden and tucked away...waiting. You have been storing up treasures in heaven. Everything that's come has been a test to see how you will produce for the kingdom. You passed. You passed. You passed. Look around you. You couldn't have done this if you wanted to. With the calamity, and the precision of God, only way you could do what you do. He's navigating you. He's leading you by His spirit. You don't even know from one day to the next where you're gonna go or what you're gonna do. God wants it that way. God will pay. You think it - He'll deliver it because He knows you're just a passing through. If He give is to you, you'll give it to them, you'll give it to them, they'll give it them, they'll give it them, they'll give it them. This is Kingdom. It's not about things.

As the presence of God comes, the appetites begin to change, the appetites begin to change, the things we used to desire. We used the anointing to get things. Now all we want is His presence. Now all we're hungering for is His manifest presence.

The shifting has come - there are many prophetic leaders that will miss it. The natural shifting has to come first, then the spiritual shifting will come. Watch the natural signs of the land, as you see the natural things changing, the spiritual things will change next. From one leadership to another, same thing's happening in the Kingdom, from church to Kingdom, church to kingdom, church to Kingdom.

Why do we worry about what we eat, drink, sleep, wear...God really cares. He's got it. You take care of Kingdom, and God will take care of us. Only what's done for the Kingdom is gonna last in the shifting that has already started. There are leaders that are still trying to prepare. You can't prepare any more.

Prepare the people for the manifest presence of God is coming. Prepare the way the glory is coming, somebody prepare them ... some listen, and some don't. Now they're trying to prepare, we can't prepare, now we have to teach them what to do with it because it's already here. Oh, it's here. The Kingdom of heaven has already come. It's living and dwelling in me and you, dear one.

Now prepare them, the shifting has come. There'll be a lot of shifting into the outer court. John with no eyes to see said 'pay no attention to the outer court'. When you pass by them, you love them but you can't reach to them anymore, you got to press on, holding up their arms. And the anointing will divide. There will never be unity at the expense of truth ever again, never again. There are people I love in the kingdom but God said leave them alone.

The shifting has come. There are a lot of different dynamics to this ministry. I do see a school, I see a book coming out of you, I see you creating and developing a new type of network for this kingdom orchestration. God has given you this region.

I combed this area for years and years, He took me out, and now He has me coming back, God will always send a prophet of like heart when He's getting ready to do something new in your midst. Get ready, get ready to shift, because the fire and the pillar is moving again. You're gonna move with it. You'll never ever, ever be able to pitch a tent for too long.

Out of this place will flow signs, wonders and miracles – not from your words, but from your deeds and actions. Everything you give out is gonna come back in an attraction. That's God's law and we have to believe. The world took and stole God's principles. When they hear the word "attraction", they say 'oh New age – I can't receive'. But there is a converging of the laws of God that are right now resident in you and me.

You are attracting 24 hours a day, whether you believe it or not. The Word of God says do not be fooled, whatsoever a man thinketh in his heart so shall he be. As a man soweth, he shall reap. The word reap means attract. So whatever we're sowing 24 hours a day - why do you think the Word says gird up the loins of your mind. Because loins represent reproduction. We've been reproducing our minds after sickening, disgusting stuff.

And we've been attracting it, and we wonder why we are sick, we wonder why we're poor, we wonder why we're broken down. No – as a man thinks in his heart ... Change your mind, your destiny. Mind of Christ.

You are going to raise up a center that will shockingly defy the religious masses with the word of the Lord. It'll be filled with young people. One thing God showed me last week, was you're going to begin to go into the legal system and you're going to adopt these teenagers from the courts – get your homes ready. Get your homes ready.

Musicians, singers everywhere, arts everywhere, cameras everywhere, television everywhere. God's just held you back, sweet friend. There are a lot of things about your ministry, it's true, but everything God just said to you is the preceding force. There's movement. God spoke to me yesterday about the theory of movement. The theory of movement.

Movement – backward motion is as important as frontward motion. We have to go backward sometimes to go forward. If we're a wheel and we're stuck in the mud,

you have to go backward, forward, backward, forward, backward. If we're a bow and arrow, you gotta go backward. We want to be in the King's court.

Movement - you are in the law of movement right now. You might feel like your going backwards a little bit, at times you may feel like you're going backward, but God says you are going forward. Ultimately, you're going toward the mark of the prize. You're going to hit the mark of the prize with swiftness and endurance.

You are a transformer. You are transforming people into their dreams, visions. You are a gatherer, you're a gatherer.

God's in charge of your life, He has gifts He wants to give to you, to you, to you, to you. If you want them, I'll give them to you. When you open your heart, God is going to fill it. God is going to fill it. God's gonna do it. Lift your hands, lift your hands, lift your hands - you are in the law of movement. The sound coming out of this place will precede it. Because there was always a sound that went before the army of God.

The Eastern gate has opened. I don't know where you are on the map geographically, but the Eastern gate has opened and you are coming forth with a new sound of glory.

Come as worship, don't come to give worship, come already as worship, come prepared to give Him sound, come prepared to give Him worship, come, come, come with a sound. Because this sound is going to crack open the spiritual atmosphere in this region. Something is going on so profound right now in this region. Lock in like you've never locked in before.
