

... And every creature which is in heaven and on the earth and under the earth and such as are in the sea, and all that are in them, I heard saying:

And to the Lamb,
forever and ever!

Dianne Palmer is a prophet that travels the nation singing the words of God. As God speaks to her, she sings and ministers what He says corporately and individually. You can literally see the effects of the words she sings over people as they cry, dance, and shout for joy as they receive healing, deliverance, breakthrough, or whatever need God has just met.

Faithful Manjoro is not considered a preacher who prays, but a prayer warrior who preaches. She travels around the globe preaching and ministering in various youth and women's conferences bringing messages of hope, salvation, purity, and restoration. Evangelist Faithful has a unique anointing, and a deep revelation of power & fire which ignites both the believer and unbeliever.

Plamen Tzolov pioneered New Generation Church in Sofia, the capital of Bulgaria, now one of the largest independent churches in the nation. Plamen is a pastors' pastor. His heart is to train leaders to touch and impact their world. His vision is to raise up a new generation that will bring the nation into the promises of abundant life that God has prepared for them.
